I ask that you share this email with any and all middle school directors that you know in your school districts and personal friends so all will be informed with the correct information! If someone retired or replaced someone on this list, please forward to the new people! The SCMEA website should indicate this date correction soon. POSTMARK DUE DATE for all registration fees (\$190) and materials is DECEMBER 13, 2019.

Remember, that the SCMEA guidelines state that you cannot have any adjudicator work with your students during the current school year (2019-2020).

Currently there is no running list for required choral pieces. You can check any ACDA list from any state as well as SCMEA events (Allstate, Choral Clinics, etc) for appropriate music. Your selections should be of high quality choral literature. The handbook states what is NOT allowed, i.e., Broadway, pop, show choir music.

Thanks so much and happy school opening! Yee hi!!!!
Camille
